## GRETA THUNBERG

Hello, my name is Greta Thunberg and I'm 17 years old. I'm Swedish, I come from Sweden and I go to school.  
I'm an environmental activist, in fact I take concrete actions.  
I want to stop the global warming and to live on a healthy planet.  
I'm famous because I spent a lot of time outside the Swedish Parliament holding up a sign saying "School strike for the climate".  
Together with other students I organized a school climate movement called Fridays for Future.
