

Christmas List

A fun, remembering game.

- Put the class in a circle.
- Start with: *I went Christmas shopping and I bought a handbag for my grandmother.*
- Tell the class they must remember what you said.
- Then turn to the person on your left. Tell him/her to repeat what you said and add something else e.g. *I went shopping and I bought a handbag for my grandmother, and a belt for my brother.*
- The next person must then repeat this and add another item, until you have gone around the class.
- The students can help each other if necessary.
- As you started, you must finish!
