Presentation (20 minutes)

- Ask students to work in pairs on the <u>Home Life Dialogue</u> (see next page)
 Read the dialogue with a strong student to provide a model. Then ask students to read it in pairs. Have one or two pairs perform in front of the class afterwards.
- Ask students to read the texts on <u>Home Life Worksheet 1</u> (see following pages) and answer the questions, either individually or in pairs. Correct the answers orally by having students read them out.
- Then ask students to think of other questions to ask about the texts. Get them to practise
 these in pairs.
- Finally, ask them to underline any sentences in the texts which describe their situation and then discuss these with a partner.

Home Life Worksheet 1

1 Read the texts and answer these questions.

- 1 Who has strict parents?
- 2 Who has a young well-dressed mother?
- 3 Who lives with her father at the weekend?
- 4 Who has a mum who listens to her?
- 5 Who has a father who likes the countryside?
- 6 Who has friends to stay at the weekend?

Molly

My parents are very strict and they don't let me stay out after ten o'clock during the week. They say I must go to bed early so that I'm not tired for school. I think they're right really, but sometimes it drives me mad! It's a big problem if my friends are going out to the cinema or to a cafe during the week, or if someone invites me round to their house. At the weekends it's OK. I can stay out until midnight or I can have one or two friends come to my house and sleep over.

Jacky

I live with my mum and we get on well together. She is more like a friend really than a mother. She looks quite young as well and always dresses nicely. I can talk to her about anything. She just listens and only offers advice if I ask for it. She's not one of those people who thinks she knows everything. My friends think she's an amazing mum! I think some of them are quite envious.

Dorit

I live with my mum during the week and with my dad at the weekend. The arrangement works out really well. In fact, I get the best of both worlds! My mum's cooking is better than my dad's – but he's getting better and anyway he always makes an effort. I spend a lot of time at home with my mum. We enjoy just chatting to one another. On Saturday and Sunday my dad and I tend to go out and do things. He particularly likes spending time in the countryside.

2 Read the texts again and underline any sentences which describe your situation at home. Then share experiences with a partner.

Home Life Worksheet 2 Answer Key:

Mary

I live with my grandmother now. She's got a really **nice/cool** apartment in the centre of town not far from school. She's quite a **cool** gran and she looks quite **young**. When we're out together a lot of people think she's my mum. That pleases her a lot! We get on really well together. I can have lots of friends round and if we play **loud** music it's no problem. I think I'm very **lucky**.

Tammy

I share a room with my **older** sister. We have quite a lot of arguments about **silly** things, but generally we get on well together. We are about the **same** size, so we can share each other's clothes. We can also listen to each other's CDs and watch each other's films on DVD. That is **brilliant/cool!** The **only** big problem is when we both want to have friends round at the same time!

Closure (10 minutes)

- Consolidate the vocabulary and end the lesson by asking students to do the <u>Home Life</u>
 Questionnaire (see next page) in pairs.
- For homework get students to write about their own or an imaginary home life.
