

TIME FOR REVISION

Matilde Gagliano

At the beginning of a new school year, one of the first things we need to do is to check how much the children remember of what they learnt in the previous years. If the teacher is in a new school or is teaching English for the first time – as many of us are, as a consequence of the recent turmoil in the Italian Primary school and the reduction of the number of specialised English teachers – they will also need to ascertain the general level of language skills and knowledge of the group. Thus Entry Tests and revision are the key words of our September activities. What follows is a series of worksheets that can be adapted and photocopied to be used in levels 2, 3, 4 and 5 to assess each student’s language skills.

Written tests alone of course are never enough. All sorts of oral activities – including language games and craft tasks – will be a necessary addition to redirect the children into a back-to-school frame of mind and to reintroduce a playful and enjoyable English learning environment.

Matilde Gagliano is a Primary school teacher and has been teaching young learners in Messina since 2001. She is currently involved in the organisation of teacher training courses with the local Tesol group.
